DO YOU SEE WHAT I SEE?

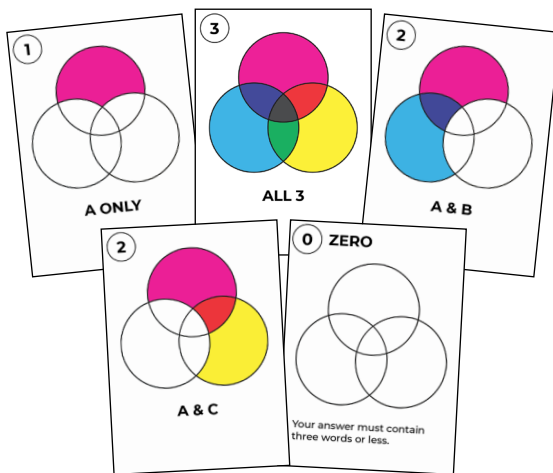

2-6

30'

10+

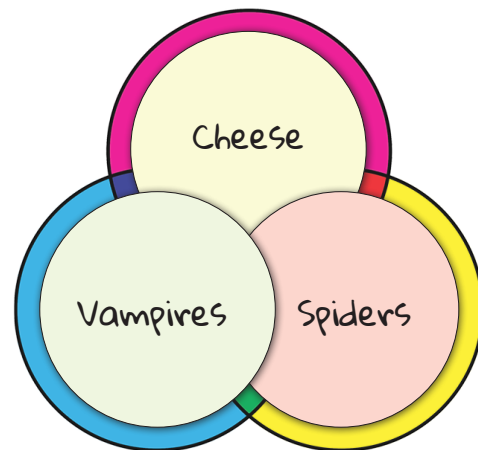

Make connections – with the cards *and* the other players – to score the most points in this co-operative party game.

1 DEAL CARDS TO EACH PLAYER

Cards showing different connections.

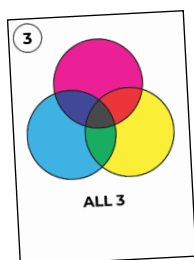

2 FLIP 3 CARDS

3 WRITE CLUES

All players choose a card from their hand in secret and then writes a clue that overlaps the matching concepts (0-3).

The challenge is finding overlaps that the other players will also see! Sarah has chosen the below card and reveals her clue first:

Found
in the
cellar

4 VOTE AT THE SAME TIME

On the count of three (say "IN-VENN-TIVE") players reveal their vote.

A majority of correct votes is needed to claim the card (worth points).

Now Sarah reveals her chosen card (three connections) and the team high-fives!

Other possible answers could have been...
Covered in fur? Bity? Blue veins?

What overlaps do you see?

Components

- 150x Invenntive circular cards
- 28x Connection cards
- 6x Dry erase boards and markers
- 1x Small size game board
